

# Jesus NYE

*A citywide gospel campaign. Sydney. Accor Stadium. The threshold of 2027.*

"It is time for Australia to step into her destiny as the Great Southland of the Holy Spirit, and for Sydney to come home to Jesus."

"One thing have I desired of the Lord, that will I seek after; that I may dwell in the house of the Lord all the days of my life, to behold the beauty of the Lord, and to enquire in his temple." —

**Psalm 27:4**

# A Moment in History

## AUSTRALIA'S TIME

A new horizon is dawning for the Bride of Christ. This is not a small season. Across the earth, hundreds of thousands are already gathering to celebrate Jesus, declare their faith publicly, and return to the simplicity, beauty and power of the gospel. In North America, in Europe, in Asia, in Africa, in Latin America, the Spirit is moving in ways our generation has not seen.

### **And we believe it is Australia's time.**

Australia carries a name inscribed at her origin. *The Great Southland of the Holy Spirit*. A birthright spoken over this nation centuries ago, carried in prayer ever since. Faithful intercessors have walked these streets believing for a moment they did not live to see. We believe that moment is now appearing on the horizon.

Accor Stadium has opened its doors. The world will be watching Sydney's harbour on New Year's Eve 2026. A door of this size does not open by accident.

*This is the moment. This is the hour. This is Australia's time.*

# Deeper. Sustainably Accelerated. Effectively Mobilized.

*The new place God is taking us, in three movements. Each essential. None alone.*

## Deeper

A call into greater intimacy, communion and oneness with Jesus. Beyond what we have known. Beyond what we have asked for. Into the higher place He has been calling His Bride. A place of deeper connection. A place of deeper knowing. A place of deeper love.

## Sustainably Accelerated

Not a moment that fades. A pathway that continues. A multiplication that strengthens over time. The campaign ends. The reach does not. A city pivoted back to Jesus and to the foundational roots of our nation.

## Effectively Mobilized

The Church equipped, activated and sent. Into prayer. Into worship. Deeper in the Word. Into evangelism. Into discipleship. Into citywide mission – closer to Jesus.

- ❏ Not gathered to be inspired and then dispersed to forget. Gathered to be commissioned, then dispersed to bear fruit. **These three together. None alone.**

# The Bridal Awakening

*The spiritual DNA of the campaign.*

Revelation gives the Church three great metaphors: a city, an army and a Bride. We believe these correspond to three movements of God across the last three centuries.

1

## The City – Jesus the King

In the First Great Awakening, the gospel of salvation went forth and a city was filled with citizens. Jesus was preached as King.

2

## The Army – Jesus the Warrior King

In the Second Great Awakening, prayer, evangelism, discipleship and societal transformation arose together. The Church arose as an army. Jesus was known as Warrior King.

3

## The Bride – Jesus the Bridegroom

We believe the next move of God carries the third picture. Jesus as the Bridegroom. The Church is His Bride. This awakening is marked with a closer walk with God and by the deepest possible intimacy with Jesus.

The Bride does not replace the city and the army. She inherits and embodies them. She is the citizen of the King's city. She is the army He rides out with. And she is the One He is returning for.

*"She is fair as the moon, clear as the sun, terrible as an army with banners." – Song of Songs 6:10*

# Embedded, Not Parallel

*The mechanism that makes this campaign different.*

Most stadium gospel campaigns leave a memory. The night was powerful, the testimony was real, but six months later the city largely looks the same. Pastors return to the demands of the week. Members return to the rhythms they had before. The moment fades.

**⚠ We have heard this concern from pastors. We share it. Jesus NYE is built so that it does not fade.**

For seven days, a team of trained missionaries lives with each host church. They do not run a parallel programme. They **embed**. They take the pioneering load off the pastor and the staff. They mobilize the church's own members out into the church's own neighbourhood. They serve the pastor's vision for that community, not their own.

When the visiting team flies home, the local pastor is standing in soil that has already been turned. A congregation in motion. Conversations already opened. A community made aware of Jesus.

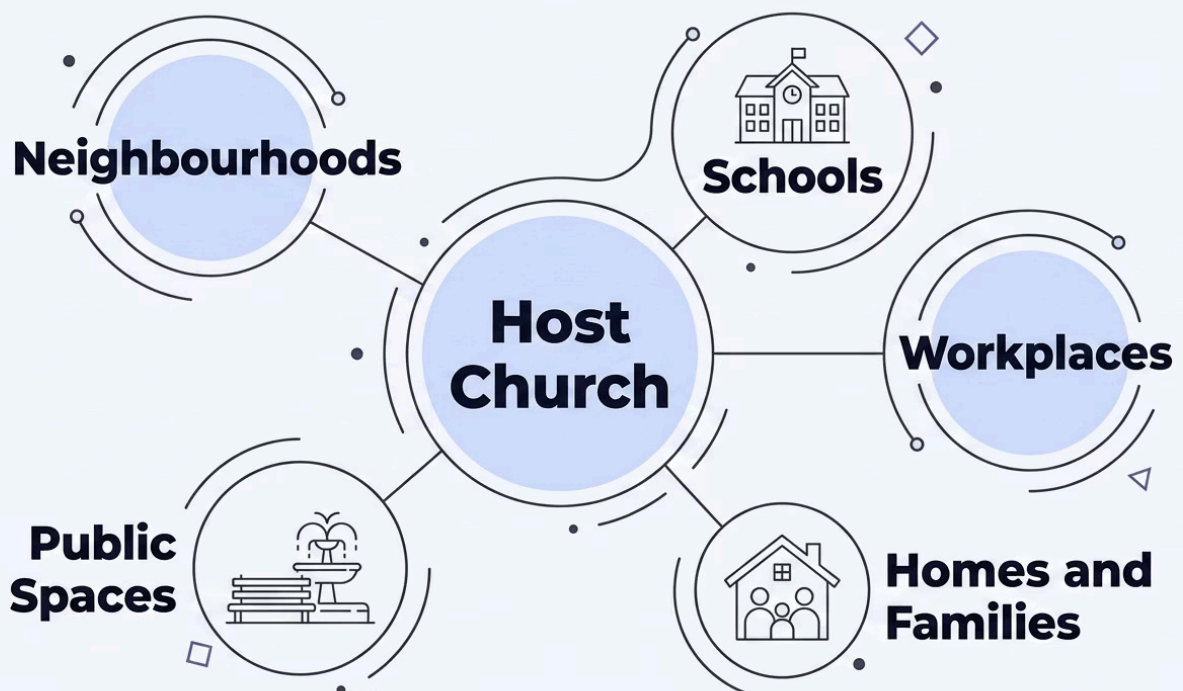

*One week of embedded, intimacy-driven mission can leave a pastor with a year of fruit to cultivate.*

## The Multiplication Effect

When that pattern multiplies across hundreds of Sydney churches simultaneously, it becomes a citywide ignition.

When Sydney pastors share that fruit with the wider Australian church, the reach extends into homes across the nation.

**The campaign ends. The reach does not.**

# Pastor, This One Is For You

FOR PASTORS & CHURCH LEADERS

## Your community.

The streets you have walked. The families you have carried in intercession. The neighbours you have prayed for by name. The schools your members' children attend. The workplaces where your people sit through their week. That community is being invited into a week unlike any other.

### → A Team Arrives

For seven days at the end of 2026, a team of missionaries will live with your church family. They will take the pioneering load off your staff.

### → Your Neighbourhood Moves

They will mobilize your members into your neighbourhood, your schools, your workplaces, the homes around your gathering place. They will serve your vision.

### → Soil Already Turned

When they fly home, you will be standing in soil that has already been turned. A congregation in motion. Conversations already opened. Responders already in your phone.

*The Bride is waking. Your church can be the doorway through which she walks into your community.*

If you are a pastor reading this, we would love to talk with you. There is no pressure, no fixed model imposed on your church. There is a moment in history we believe we are standing in, and an invitation to walk into it together.

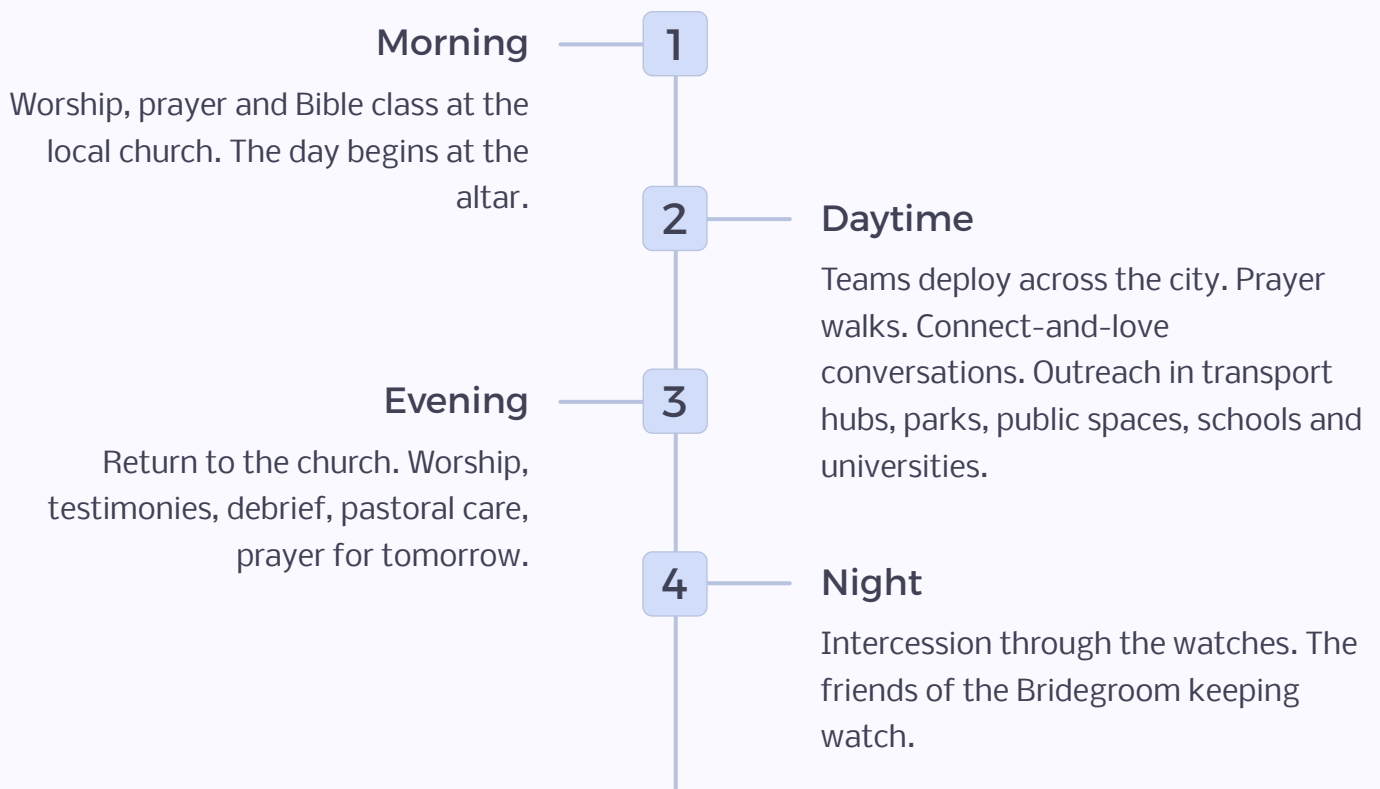

# Mission Sydney

SEVEN DAYS · ONE MILLION ENCOUNTERS

## Christmas to New Year's Eve.

For seven days, Sydney will be saturated with prayer, worship and the love of Jesus. We are believing for **one million face-to-face gospel encounters**. Not slogans on screens. Not crowds at a stadium. Conversations. On streets, on trains, in parks, at school gates, in workplaces, in homes. Believers walking the city they love, carrying the gospel into the lives of the people they share it with.

*Mission with love. Worship that overflows into the streets. The Bride awake and walking.*

# The Midnight Cry at Accor Stadium

31 DECEMBER 2026 · SYDNEY OLYMPIC PARK

*The altar at the threshold of 2027.*

Accor Stadium becomes an altar. The campaign does not call this the climax. The campaign calls it the **threshold**. The altar at the front edge of 2027, the year of Psalm 27. The corporate moment where a city steps across.

## Public Exaltation

A public exaltation of Jesus over Sydney as the year turns.

## Citywide Testimony

Verified stories, faces and voices from the streets of Mission Sydney week.

## Gospel Proclamation

A clear gospel proclamation and altar call. The King calling citizens. The Bridegroom calling a Bride.

## Extended Worship

The Bride beholding her Bridegroom in extended worship and encounter.

## The Midnight Cry

"Behold, the Bridegroom comes; go ye out to meet him." – Matthew 25, as the year breaks.

## Commissioned - Mobilized

Believers commissioned back into Sydney on New Year's Day and beyond.

*Stadium becomes altar. City becomes harvest. Year becomes the Brides.*

# Beyond the Event

*What continues after the gates have closed.*

The fruit of Jesus NYE is not the event. The fruit of Jesus NYE is what continues after the gates of the stadium have closed.

## Baptism Season

Coordinated baptisms across Sydney through January and February 2027, public and church-led, as new believers say yes.

## Local Churches Catalyzed

Standing in soil that has been turned, with members in motion and conversations already opened – a year of fruit to cultivate.

## National Network

A national network of pastors carrying the testimony, the model and the multiplication into their own cities across Australia.

## Renewed Daily Rhythm

Believers, families, churches and a city rebuilding the daily altar of prayer, worship and communion with God. Sunday-centric Christianity giving way to a life fully centered on Jesus.

*Long-term transformation in a catalytic moment. The Bride remains awake.*

# 2018. The Down Payment.

## THE STORY BACKGROUND

*Before we tell you what we believe God will do, we want to tell you what He has already done.*

In 2018, at the very same stadium – known then as ANZ Stadium, now Accor Stadium – Jesus Loves Australia stepped out in faith and booked the venue without the resources to deliver everything we knew it could become. The cash budget was **\$280,000**. In-kind partnership added approximately **\$500,000** more.

We were honest with ourselves afterwards. The lack of resources and the lack of proper organization meant the long-term operational impact was not what it could have been. We did not have the infrastructure to follow up the city the way we longed to.

And yet, eight years on, the fruit we keep hearing about is not the fruit of an event. It is the fruit of a moment when God Himself showed up.

### Missionaries Mobilized

Missionaries mobilized into full-time mission, still in the field today.

### Pastors Reinvigorated

Pastors who were exhausted and ready to walk away, reinvigorated with fresh vision and given faith to persevere.

### Evangelists Awakened

Evangelists who had never won a soul to Christ, beginning to win souls from that day forward.

### House of Prayer Planted

A house of prayer planted in central Sydney and now moved to Jerusalem.

### Indigenous Healing

Indigenous leaders carried into healing and restoration that has continued to grow.

### Ministry Launched

Believers launched into full-time ministry from a single day of obedience.

*If that is what He did with \$280,000 cash and a step of faith, what might He do when we build the altar with discipline, structure and the resourcing of a five-million-dollar campaign?*

✔ **This is part two. Larger. Better resourced. Better organized. Carrying the lessons of part one.**

# Doors Already Open

## PARTNERSHIPS & COALITIONS

In only a few unforced conversations, the doors that have opened are extraordinary. This is first light.

### Messengers Global

Several hundred United States missionaries pledged to Sydney.

### Reaching Australia 2033

A national coalition representing close to 80% of the nation's churchgoers, now walking alongside us.

### JC2033

Mobilizing the global church toward Resurrection Day 2033.

### One Sydney

### Pentecost 2026

### Australian Christian Business Awards

*A handful of conversations has already produced a pledged force of missionaries, a national coalition and a set of city partnerships. This is first light.*

What stands between first light and a movement that marks Sydney is straightforward. It is the capital to resource the team already gathered, and to build it to full strength.

# How You Can Partner

*Five ways to stand with us in this hour.*

## Pray

Every awakening starts in the prayer closet. Pray for the Lord to raise up laborers. Pray for every home in Sydney to encounter Jesus. Pray for the campaign leadership team. Join the campaign prayer rhythm and receive weekly updates.

## Send

If you are a missionary, evangelist, intercessor, worship leader or disciple-maker, come to Sydney in December 2026. If you are a sending organization, mobilize a team. Mission partners join host churches and serve their vision for their community.

## Host

If you are a pastor or church leader in Sydney, host visiting missionaries with your church for the week. Mobilize your members. Receive a year of fruit to cultivate.

## Come

If you can attend, come. Bring your family. Bring your church. Bring friends who have not heard the gospel. Stand at the altar at the threshold of 2027.

## Give

Will you invest in this hour? Donor partnership funds the entire architecture: missionary mobilization, training, the stadium gathering, baptism season, follow-up, the year of fruit that follows. Every level of giving carries the same weight.
